The George Boole Foundation Committee for the George Boole Institute

A committee has been formed to organise the foundation of the George Boole Institute.

This Foundation Committee is made up of independent contributors and has the sole purpose of planning and coordinating the actions necessary for the establishment of the George Boole Institute.

Foundation Committee meetings are held according to need and are called by the Foundation Committee Convenor.

The Foundation Committee would like to express their gratitude to Mr. Melvyn Beck who has acted as the Foundation Convenor for the period 2010-2015 and confirms that he has been re-elected as Convenor for the period 2015-2020.

GBF,
London
September, 2015.
